GENERAL PUBLIC TARIFF OF APM TERMINALS CALLAO S.A.

v 13.0 Tariff (USD) Special tariff (USD) Services description Unit of charge

SECTION 1		CONTAINERS									
Section 1.1	Standard Services	Nature	Unit of charge	Vessel (Tariff)	Vessel (IGV)	Cargo (Tariff)	Cargo (IGV)	Vessel (Tariff)	Vessel (IGV)	Cargo (Tariff)	Cargo (IGV)
1.1.1	Standard Service to the Vessel - Services to the Vessel										
1.1.1.1	Use or rental of berth (Tariff per hour or fraction hour) (n1)	Regulated	Total LoA (m) x Hours	1.84	0% Rate			1.47	0% Rate		
1.1.2	Loading and Unloading Containers - STS Gantry Cranes (n2 and n3)										
1.1.2.1	Unloading Full 20 Foot Container with dry cargo		Per move	11.85	0% Rate	196.15	35.31	11.18	0% Rate	190.10	34.22
1.1.2.2	Unloading Full 40 Foot Container with dry cargo		Per move	11.85	0% Rate	371.35	66.84	11.18	0% Rate	319.40	57.49
1.1.2.3	Loading Full 20 Foot Container with dry cargo		Per move	11.85	0% Rate	196.15	35.31	11.18		156.20	28.12
1.1.2.4	Loading Full 40 Foot Container with dry cargo		Per move	11.85	0% Rate	371.35	66.84			277.10	49.88
1.1.2.5	Unloading Full 20 Foot Container with refrigerated cargo		Per move	11.85		196.15	35.31			196.00	35.28
1.1.2.6	Unloading Full 40 Foot Container with refrigerated cargo	Regulated	Per move	11.85		371.35	66.84			371.30	66.83
1.1.2.7	Loading Full 20 Foot Container with refrigerated cargo	riogulatou	Per move	11.85		196.15	35.31			196.00	35.28
1.1.2.8	Loading Full 40 Foot Container with refrigerated cargo		Per move	11.85		371.35	66.84			371.30	66.83
1.1.2.9	Loading and Unloading Empty 20 Foot Container		Per move	185.60	0% Rate			143.90	0% Rate		
1.1.2.10	Loading and Unloading Empty 40 Foot Container		Per move	289.60	0% Rate			212.50	0% Rate		
1.1.2.11	Complete cycle 20 Foot Transhipment Container (full or empty) within the Terminal (n4)		Per complete cycle	214.00	0% Rate			123.20	0% Rate		
1.1.2.12	Complete cycle 40 Foot Transhipment Container (full or empty) within the Terminal (n4)		Per complete cycle	326.00	0% Rate			184.20	0% Rate		
1.1.3	Loading and Unloading Containers - Without STS Gantry Cranes (n3 and n5)										
1.1.3.1	Loading and Unloading Full 20 Foot Container with dry cargo		Per move	6.30	0% Rate	177.20	31.90	6.00	0% Rate	140.50	25.29
1.1.3.2	Loading and Unloading Full 40 Foot Container with dry cargo		Per move	6.30	0% Rate	307.40	55.33		0% Rate	244.60	44.03
1.1.3.3	Loading and Unloading Full 20 Foot Container with refrigerated cargo		Per move	6.30	0% Rate	177.20	31.90		0% Rate		
1.1.3.4	Loading and Unloading Full 40 Foot Container with refrigerated cargo	Regulated	Per move	6.30	0% Rate	307.40	55.33		0% Rate		
1.1.3.5	Loading and Unloading Empty 20 Foot Container	· rogulateu	Per move	149.00	0% Rate			118.40	0% Rate		
1.1.3.6	Loading and Unloading Empty 40 Foot Container		Per move	232.50	0% Rate			176.20	0% Rate		
1.1.3.7	Complete cycle 20 Foot Transhipment Container (full or empty) within the Terminal (n4)		Per complete cycle	170.00	0% Rate			109.00	0% Rate		
1.1.3.8	Complete cycle 40 Foot Transhipment Container (full or empty) within the Terminal (n4)		Per complete cycle	254.00	0% Rate			163.00	0% Rate		

1.1.3.8 Complete cycle 40 Poot Transhipment Containers (full or empty) within the Tarmanian (M) (Inc.) Inciding adoption and undowning. The bose alleged 40 Poot Transhipment Containers (M) to entire due by the "Ship's Pariculars". The use of the berth as from the receipt of the first line of the vessel loward the bolland, to the undoxing of the last line before vessel departure.

(Inc): This transhipment containers are allows dimensions are less than 20-bot containers will be charged with 20-bot containers will be charged with 40-bot containers will be charged with 40-bot containers are allows on the second of containers with or will be charged with 40-bot containers are allows on the second of containers with oversized cargo that are billed for use of operational area from day one, as it is a special service. Inter-terminals Transhipment containers are also invoiced according to described tartifis in this section (11.21, 1.1.2.12, 1.1.3.7 y 1.3.18), in which tartif applies per move rather than per complete cycle. It also includes undesigned on one ship and are loaded orboard another vessel calling at the North Terminal. Containers discharged in bethin with STS garby cranses and are then badded in vessels at berths with STS garby cranses and are then badded in vessels at berths with STS garby cranses and are then badded in vessels at berths with STS garby cranses and are then badded in vessels at berths with STS garby cranses and are then badded in vessels at berths with STS garby cranses and are then badded in vessels at berths with STS garby cranses and are then badded in vessels at berths without STS garby cranses and are then badded in vessels at berths without STS garby cranses and are then badded in vessels at berths without STS garby cranses and are then badded in vessels at berths without STS garby cranses and are then badded in vessels at berths without STS garby cranses and are then badded in vessels at berths without STS garby cranses and are then badded in vessels at berths without STS garby cranses

(n5): This is applicable only in those berths which do not have STS gantry cranes and in those cases when loading/unloading operations of containers will be carried out without STS gantry cranes.

1.2.11.4	Inspection and monitoring - container 20 and 40 foot (n17)		Per event	27.20	0% Rate						
1.2.12	Re-stow Reefer Containers (n18)										
1.2.12.1	Energy supply for re-stow reefer containers	Non Regulated	Per container	77.10	0% Rate						
1.2.13	Gasification of a full container reefer - all traffics (n19)										
1.2.13.1	Supply of gases N2 y CO2	Developed	Per container	419.00	75.42						
1.2.13.2	Supply of gases N2	Regulated	Per container	374.00	67.32						
1.2.13.3	Supply of gases CO2		Per container	160.00	28.80						
1.2.14	Reefer container data download										
1.2.14.1	Download and sending information of reefer container parameters	Regulated	Per container	25.00	4.50						
1.2.15	Additional inspection of seals										
1.2.15.1	Additional inspection or revision of seals (n20)	Non Regulated	Per seal	12.00	0% Rate						
1.2.16	Traction Service for Inter-terminal Transhipment Containers			40.77	001 D .						
1.2.16.1	Inter-terminal Transport of Transhipment Containers (n21)	Non Regulated	Per container	40.00	0% Rate						

1.2.1.0.1. Intel-terminal Transport of Transported Containers (1/2).

(1/6) Althe other services applying to all types of vessels are available in section 7 of this Teriff Schedule.
(1/7) Applicable by a last set of the services applying to all types of vessels are available, according to conditione established in the Teriffs Regulation and Commercial Policy of APM Terminals Callao S.A.
(1/6) Charge of the pice is applicable whenever service is required by users and is aimed to increase productivity of leading/unitoacting container operations above productivity increases cost is under response.

(1/6) Charge of the pice is applicable whenever service is required by users and is aimed to increase productivity of leading/unitoacting container operations. And with no user request, productivity increases cost is under response.

(1/6) Charge of the pice is applicable whenever service is required by users and is aimed to increase productivity of leading/unitoacting container operations. And with no user request, productivity increases cost is under response.

refrest retinates custors.

(ind): Free times to run as from the end of compiled discharge operation of the ship.

(ind): Free times to run as from the end of compiled discharge operation of the ship.

(ind): Free times to run as from the period cargo is located in the Terminal yard for shipment. Storage time ends with vessel ETB sent to the users. For purposes of computation of storage free time storage and billable storage, it should be taken in consideration is the so-called 'Billable ETB' that is published in the 'Container Ship Programme' option on our website and defined in the Tariffs Regulation and Commercial Policy of APM Terminals Callado S. (in): Free time to run as from the end of compiled discharge operation of the vessel or from the moment the container is located in the Terminal yard for shipment. Free time does not apply to full transshipment containers with oversized cargo, that is, for this type of container, the use of operating area is billed from the first day.

(iii) This service overs additional capacity of containers yet or subject on the first day (does not include free hours). In the case of only, we can be containers, although in the case of only the case of yet of the remind.

(iii) This is applied be those containers can men typo or un artistation and perspect in the first day.

(iiii) In the event that a container carries several dasses of IMO caps, the higher price amount of IMO classes will be applicable as one sole charge. Price of subsection 1.2.9.5 does not apply for containers of Fathmeal IMO class 9.

(in14) This service covers additional capacity of containers yet or stacks of empty containers sol all frainfile; and fall transhipment containers, although in the case of containers with oversized caps, the price applies only to full transhipment containers and the use of the area is billed from the first day (does not include free hours). In the case of high-cube containers the price is independent from the number of storage days at the Terminal.

(n15): This price is applicable to all discharged or shipped containers through the Terminal including restow containers (via quay and in the same hold), that require such service. This is applicable for this operation, whether it is connection or disconnection.

(n15): This price is applicable to all discharged or shipped containers through the Terminal Collace Science (n15): This is a possible to the containers via quay, including inspection and monotoring if necessary. This is an one time payment to be applicable for total energy supply period provided to re-dow reserv containers.

(n15): This is applicable to re-dow containers via quay, including inspection and monotoring if necessary. This is an one time payment to be applicable for total energy supply period provided to re-dow reserv containers.

(n15): This is applicable to re-dow containers via quay, including inspection and monotoring if necessary. This is an one time payment to be applicable to re-dow reserv containers.

(n15): This is applicable to re-dow reserve (n15): This is applicable to re-dow re

(n21): Service that involves moving the container between port terminals from the North Terminal of the South Terminal whenever a container is unloaded via the North Terminal and it is required to be shipped via the South Terminal and or viceversa.

- 1.1 Discount on Integrated Service Price and extension of free days dry cargo import
- Target group: Importers of dry cargo containers (consignees or its represe ntatives -customs brokers, logistics operators, etc.).
- Segment: Importers who address dry cargo to APMTC's Temporary Depot.
- -Temporary offer: Importers of dry cargo (consignees or its representatives –oustoms brokers, logistics operators, etc.) who guarantee minimum amounts equal to or greater than 200, 300, 800, 1.6 thousands and 3 thousand containers through the APMTC's Temporary Depot will be granted discounts and extensions of the operating area (taking into account the 10 days including in the Integrated Service of Importance (Temporary Depot, sections 1.4.1.1 and 1.4.1.2 of the Tariff List) as below:
 - (i) ≥ 200 to 299 containers = 10 extra free days (resulting in a total of 20 free days)
 - (i) ≥ 300 to 799 containers = USD 40 discount from the price set out in sections 1.4.1.1 and 1.4.1.2 of the Tariff (reaching a total of 20 free days)
 - (iii) \geq 800 to 1,599 containers = USD 40 discount from the price set out in sections 1.4.1.1 and 1.4.1.2 of the Tariff (reaching a total of 30 free days)
 - (iv) > 1.600 to 2.999 containers = USD 50 discount from the price set out in sections 1.4.1.1 and 1.4.1.2 of the Tariff (reaching a total of 30 free days)
- (v) ≥ 3,000 containers = USD 60 discount from the price set out in sections 1.4.1.1 and 1.4.1.2 of the Tariff List for import containers and 20 extra free days to those already granted in subsections 1.4.1.1 and 1.4.1.2 of the Tariff (reaching a total of 30 free days)
- Effective: Importers may apply or request this promotion until December 31, 2024.

The minimum volumes of the offer will be accounted for annually. That is, in the 12 months following the date of the agreement (between APMITC and the user) to start accounting for the volumes (for example and as a hypothetical case; if the user's request for offer is accepted and it is agreed to start accounting on February 1, 2024, then the accounting will be made until January 31, 2025). For this purpose, users must submit to the commercial area of APMITC the projections of containers to be imported in the annual period indicated above, in order to determine the availability of space at the terminal.

APMITC will carry a review every three (ISI) months of the imported volume. If it is observed that in the first quarter at least 20% of the committed annual volume has not been met, the Offer will be cancelled, and if the review of the third quarter finds that at least 70% of the required annual volume has not been met, the Offer will be cancelled. This consideration applies to offer switch annual volume has not been met, the Offer will be cancelled. APMTC will carry out a review every three (03) months of the weekly average of the transshipment containers mobilized by the user who requested the offer, if it is verified, during the review, that the user has not compiled with the required weekly average, then APMTC may cancel the offer

- This offer will be subject to space availability confirmed by APMTC

8.2 Second offer - 1,800 containers: two types of discounts on standard service, 14 days free of use of operating area, free pool and exemption from change of status

- Target group : Users (shipping lines or its representatives) that move transhipment containers through the North Multi-purpose Terminal
- Temporary offer. Users who move transshipment containers equal to or greater than 1,800 weekly average containers, over a period of one year, will be granted similar discounts or benefits as offer 9.1 but an additional discount is added to the standard service tariff that will be reflected in discount amounts and other additional benefits. The details of the discounts and benefits of this offer are as follows
 - i) Charge of an initial offer tariff of USD 90 for standard 20-foot transhipment container service (Section 1.1.2.7 of the Tariff List) and USD 120 for standard 40-foot transhipment container service (Section 1.1.2.8 of the Tariff List). ii) Additional discount of USD 35 per container on the offer tariffs described in item i), but which may be given for a maximum of 17,715 containers in each quarter during the annual period of the offer. This additional discount, which will be applied for a period of one year, will be for one time only, that is, it will not apply in case of renewal of this offer
 - iii) Granting of 14 free days of use of the operational area (which represents 12 additional free days to the 48 free hours currently granted) for both container sizes (20 and 40 feet).
 - iv) Granting of a free pool of 300 TEU's (use of operational area of 300 TEU's of transhipment without time limit). This free pool is granted to those containers that have exceeded the 14 days of use of the operational area. v) Exemption from payment of container status change surcharge
- Effective: The offer may be requested from April 11, 2023 to December 31, 2023

The average weekly volume will be counted and calculated within the annual period agreed by APMTC and the user, which may be the earliest date to start counting on April 1, 2023, (for example and as a hypothetical case; if the user's request for other is accepted and it is agreed that the accounting will be carried out until March 31, 2024. As a second hypothetical example, if the user's request is accepted and it is agreed to start accounting on 1 June 2023, then accounting will be done until 31 May 2024. All types or transhipment (full cycle or inter-terminal) shall be accounted. Accounting is per container, for example, during this annual period the user could move a weekly average of 1,700 full cycle containers and 100 inter-terminal containers, while add up to a weekly average of 1,800 containers (which results in a weekly average of 3,500 movements, 3,400 full cycle movements and 100 inter-terminal movements). The average weekly count is calculated by taking into account the total number of transhipment containers moved during this annual period and is divided by the number of weeks in that period (which is 52 weeks). For this purpose, users should submit to the APMTC commercial area the projections of transhipment containers that they will be mobilize during the annual period indicated above, in order to determine the availability of terminal space.

APMTC will carry out a review every three (03) months of the weekly average of the transshipment containers mobilized by the user requesting the offer, if it is verified, during the review, that the user has not met the required weekly average, then APMTC may cannot be offer.

APMTC will carry out a review every three ((0)) months of the weekly average of the Itansshipment containers mobilized by the user requesting the offer; if it is verified, during the review, that the user is meeting the nequired weekly average, then APMTC will apply for that quarterly period and with respect to the item is discount, the additional discount of USD 35 (on the initial promotional tariffs for standard service of containers of item i) over a maximum of 17,715 transshipment containers. This quarterly discount, which will apply to a maximum of 17,715 containers, will be granted in the form of a credit note or another modality agreed upon by the shipping line and APMTC.

In case of containers that exceed the 14 days free of use of the operating area and the free poor of 300 TEU, the user will have to assume the payment of the tariff applicable from the 15th day onwards (subsections 1.2.6.4 and 1.2.7.4 of the Tariff List), However, if the user mobilizes more than 1,800 containers per week on average, APMTC may extend, subject to space availability, the days of use of the

operational area for those containers that remain more than 14 days and cannot access the free pool. The extension days would be up to seven days at most. If APMITC grants this benefit to a user, it will be applied to other users under similar conditions.

This offer will be subject to space availability confirmed by APMTC

8.3 Third offer - 1,300 containers: two types of discounts on standard service, 14 days free of use of operating area, free pool and exemption from change of status

- Target group : Users (shipping lines or its representatives) that move transhipment containers through the North Multi-purpose Termina
- rary offer. Users who move transshipment containers equal to or greater than 1,000 weekly average containers, over a period of 2 years and 3 months (09 quarter or 27 months in total), will be granted smilar discounts or benefits as offer 9.1 but an additional discount is added to the standard service tafff that will be reflected in discount amounts and other additional dense filts. The details of the discounts and benefits
 - i) Charge of an initial offer tariff of USD 90 for standard 20-foot transhipment container service (Section 1.1.2.7 of the Tariff List), and USD 120 for standard 40-foot transhipment container service (Section 1.1.2.8 of the Tariff List).
 - ii) Additional discount of USD 35 per container on the offer fairfits described in item ii), but which may be given for a maximum of 9,143 containers in each quarter during during the 99-quarter (or 27-month) period of the offer. This additional discount, wich will applied during the period of the offer, will be for a one-time only; that is, it will not apply in case of renewal of this offer.

ii) Granting of 14 free days of use of the operational area (which represents 12 additional free days to the 48 free hours currently granted) for both container sizes (20 and 40 feet).

- iv) Granting of a free pool of 300 TEU's (use of operational area of 300 TEU's of transhipment without time limit). This free pool is granted to those containers that have exceeded the 14 days of use of the operational area.
- v) Exemption from payment of container status change surcharge.
- vi) Additional discount of USD 25 per container on the promotional tariffs described in item (i), but which may be given for a maximum of 3,976 containers and only in the first quarter of the offer. This discount does not apply for the remaining eight (08) quarters and will not apply in the event of renewal of the offer
- fective: The offer may be requested from January 03, 2024 to March 31, 2024.

The average weekly volume will be counted and calculated within the period of 2 years and 3 months agreed by APMITC and the user, which may be the earliest date to start counting on October 1, 2023 (for example and as a hypothetical case; if he user's offer is accepted and it is agreed that the accounting will start on October 1, 2023, then the accounting will be carried out until December 31, 2025. As a second hypothetical example, if the user's offer request is accepted and it is agreed to start accounting on February (10, 2024, then accounting will be one until April 30, 2026). All pose of transhipment (fell cycle or inter-terminal) shall be accounted. Accounting is per container, for example, during the accounting period the user could move a weekly average of 1,200 full cycle containers and 100 inter-terminal containers, which add up to a weekly average of 1,300 ontoiners (which is estat is in a weekly average of 1,300 movements; 2,400 full cycle movements and 100 inter-terminal movements). The average weekly out its accounted by taking into account the total number of transhipment containers moved during the count period and divided by the number of weekls in that period (which is 117 weekls). For this purpose, users should solve that the period increase in the period included by taking into account the total number of transhipment containers moved during the period included by taking into account the total number of transhipment containers moved during the period included by taking into account the total number of transhipment containers moved during the period included by taking into account the total number of transhipment containers when the availability of terminal space.

APMITC will carry out a review every three ((3) months of the weekly average, of the transshipment containers in solicities but by the user requesting the office, if it is verified, during the review, that the user has not met the required weekly average, then APMITC may cancel the office.

APMITC will carry out a review every three ((3) months of the weekly average of the transshipment containers mobilized by the user requesting the office, if it is verified, during the review, that the user has been complying with, at least 90% of the required weekly average, then APMITC will apply for that quarterly period and with respect to the item it discount, the additional discount of USO 35 (on the initial promotional tariffs for standard service of containers of item) over a maximum of 9,143 transshipment containers. This quarterly discount, which will apply to a maximum of 9,143 containers, will be granted in the form of a credit role or another modality agreed upon by the shipping line and APMITC.

The additional discount of USD 25 per container set out in item vi) will be granted as long as the user has compiled, during the first quarter, with the committed weekly average (that is, with 1,300 weekly average containers). This discount will only be granted for the first quarter of the offer

In case of containers that exceed the 14 days free of use of the operating area and the free pool of 300 TEU, the user will have to assume the payment of the fariff applicable from the 15th day onwards (subsections 1 2.6.4 and 1 2.7.4 of the Tariff List), However, if the user mobilizes more than 1,300 containers per week on average, APMITC may extend, subject to space availability, the days of use of the operational area for those containers that remain more than 14 days and cannot access the free pool. The extension days would be up to seven days at most. If APMITC grants this benefit to a user, it will be applied to other users under similar conditions.

- This offer will be subject to space availability confirmed by APMTC

(Group 9) OFFER FOR GASIFICATION OF FULL CONTAINERS

Dear customers and users.

APM Terminals Callao (APMTC) has set a offer for volume for those users (shipping lines) that demand the gasification service of full containers that requires the joint supply of N2 and CO2 as a port terminal. This offer is governed by the following terms:

(i) 2 150 containers quarterly = Tail of USD 455 which will include the following: combined gastication service of N2 and CO22, change of status (in case of occurrence) and the benefit of granting customers (exporters) of shipping lines 2 fee days of use of the operating area and difficient to the 72 hours granted as part of the standard shipping container service (up to a total of 5 fee days of use of the operating area as Part Terminal).

- Effective: The offer with the new price of USD 495 will be available from July 1, 2024 to December 31, 2024. For offers that have been agreed up to 30 June 2024, the price set out in version 12.10 of the Tariff applies.

The minimum volumes of promotions will be counted on a quarterly basis; that is, in the 03 months following the date of the agreement (between APMIC and the user) to start counting the volumes (for example and as a hypothetical case; if the user's request for promotion is accepted and it is agreed that the accounting on April 1, 2024, then the accounting will be carried out until June 30, 2024). For this purpose, users must submit to the commercial area of APMIC the projections of containers that will demand the gasification senice in the quarterly period indicated above, in order to determine the availability of space in the terminal.

If, after the three (03) months of accounting, it is verified that the minimum volumes required for the application of these offers have not been reached, APMTC will charge the maximum tariff in subsection 12.13.1 in effect at the time of verification and the charge of the charge of status surcharge (subsection 9.3.1.1 of the Tariff List) in effect at the time of billing will apply.

- This offer will be subject to space availability confirmed by APMTC

(Group 10) OFFER FOR EMPTY EXPORT CONTAINERS

APM Terminals Calao (APMTC) has set an extension of free hours of stay for those empty containers that are loaded (exported) by the North Multipurpose Terminal. This offer is governed by the following terms:

- Target group: Users (shipping lines or their representatives) that move empty export containers through the Multipurpose North Terminal
- Temporary offer: Shipping lines that move, during an annual period, a volume equal to or greater than 25.000 empty export containers will be granted the right to request, for each vessel, an extension of 24 hours of free time that are additional to the hours of use of operating area free set out in subsection 12.5.1 of the Tariff List (which are 72 hours of free time), which means that shipping lines that meet the volume of containers indicated above will, in principle, be granted 96 hours of free time of use of the operating area. The detail of the offer is as follows:
 - (i) Movement of 500 empty export containers per vessel = Empty containers on this vessel will be granted a total of \$6 hours of fee operating area use (which represents an extension of 24 hours free from the 72 hours fee granted under subsection 1.2.5.1 of the Tariff List). (ii) Movement of 1,000 empty export containers per vessel = Empty containers on this vessel will be granted a total of 120 hours of the operating area use (which represents an extension of 48 hours free from the 72 hours free granted under subsection 1.2.5.1 of the Tariff List).
- Effective: The offer is valid from January 03, 2024 to December 31, 2024.

The first in of 156 or 120 hours of government amas use will have to be requested by each vessel that dods. In those cases where the shipping fine did not request the application of the offer to a particular vessel, then that vessel will only be granted the first limit as undested to that particular vessel.

The minimum volume of 25 thousand containers will be accounted during the period of validity of the offer; that is, between January 03, 2024 until December 31, 2024.

If, during weekly or monthly reviews of the volume of empty containers exported by shipping lines, it is found that the shipping line will not reach the minimum volume required during the annual period, then the offer to that shipping line will be cancelled.
This offer will be subject to space availability confirmed by APMTC

(Group 11) SPECIAL OFFER FOR BREAK BULK CARGO - TEMPORARY DEPOSIT OF APM TERMINALS CALLAO

Dear customers and users,

APM Terminals Callao (APMTC) has set a series of special offers for the special service "Integrated Temporary Depot Service" for break buts cargo. It should be noted that each of the special offers is independent (it is not cumulative); for example, if the user chooses promotion 11 A he would not be able to apply to promotion 11.1, 112 or 11.3. Special offers are governed by the following terms

- 11.1 Extension of free days applicable to break bulk cargo in general and to subsection 2.4.1.1 of the Tariff List - Target group: Users (importers/consignees amd Exporters/forwarders or its representatives — customs brokers, logistics operators, etc.) of break bulk cargo in general and that demand the integrated service of temporary storage with 10 days of use of the operational area (subsection 2.4.1.1 of the Tariff List)
 - Segment: Users entering large volumes break bulk cargo at APM Terminals Callao Temporary Depot (DT 3014)
 - Temporary offer: Users who guarantee minimum amounts of more than 2,500 and 3,500 tonnes using the APMITC's Temporary Depot will be granted an extension of the operating area use (taking into account the 10 days including in the Integrated Service of Temporary Depot: sections 2.4.1.1 of the Tariff List), according to the table below (i) ≥ 2,500 to 3,499 tonnes = 5 additional days off (on top of the 10 already granted in subsection 2.4.1.1 of the Tariff List)
 - (i) ≥ 3,500 tonnes = 10 additional days off (on top of the 10 already granted in subsection 2.4.1.1 of the Tariff List)
 - Effective: Users may apply or request this promotion from August 02, 2023 until December 31, 2024.

-Requesiments: The minimum volume of 2,500 or 3,500 tonse will be accounted for annually; that is within twelve (12) months from the date of the agreement (between APMTC and the user) to commence the accounting of volumes (for example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence on September 1, 2023, then the accounting of volumes (for example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence on September 1, 2023, then the accounting of volumes (por example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence the accounting will commence the accounting of volumes (por example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence the accounting of volumes (por example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence the accounting will commence the accounting of volumes (por example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence the accounting will commence the accounting will commence the accounting of volumes (por example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence the accounting will commence the accounting will commence the accounting of volumes (por example and as a hypothetical case, if the user's promotion request is accepted and it is agreed that the accounting will commence the accounting will cannot be accounted to a support of the promotion of the accounting will be accounted to a support of the accounting will be accounted to a support of the accounting will be accounted to a support of the accounting will be accounted to a support of the accounting will be accounted to a support of the acco
