Considerando ello, el cobro realizado mediante la factura reclamada es correcto.

2.3. Análisis de los argumentos y pruebas del Reclamante

La Reclamante señaló que las facturas señaladas en los numerales 1.2., 1.3. y 1.4., deben ser anuladas, ya que, si bien reconoce que existió demora en el retiro de su carga, este no habría sido como consecuencia de hechos materia de su responsabilidad, sino como consecuencia de la presunta demora de APMTC en balanza, en el antepuerto, en la atención a sus unidades de transporte, en la

atención a la nave JOSCO HUIZHOU y por no compartir la línea 8 destinada a la presente nave con otras tres naves (EVER ALLIANCE, BULK GENEVA, BORACAY ISLAND)

2.3.1. Respeto a las presuntas demoras en balanza y el antepuerto

Como materia de reclamo la reclamante indica que el concesionario presentaba demoras en la atención en balanza y en el antepuerto. Sin embargo, el ingreso de camiones al terminal; así como su salida ha sido constante durante el periodo de días de operación de la nave. Lo mencionado se puede verificar en el Anexo 1 del Reporte de movimiento de camiones durante las operaciones de la nave JOSCO HUIZHOU.

2.3.2. Respeto a las presuntas demoras en la atención de sus unidades de transporte

Para sustentar las presuntas demoras en la atención de sus unidades, la Reclamante presenta como medios probatorios los correos electrónicos remitidos a Carga General – Clientes APMTC. Al respecto, es necesario recurrir al concepto que otorga el artículo 188 del Código Procesal Civil:

Finalidad.- Artículo 188.-

Los medios probatorios tienen por finalidad acreditar los hechos expuestos por las partes, producir certeza en el Juez respecto de los puntos controvertidos y fundamentar sus decisiones.

-El subrayado es nuestro-

Se entiende que los medios probatorios deben acreditar los hechos expuestos; sin embargo, de los medios probatorios presentados por la reclamante no se infiere que la misma contaba con las unidades de transporte necesarias; puesto que, de acuerdo con el Reporte de movimiento de camiones durante las operaciones de la nave JOSCO HUIZHOU, se constata que, pese a que se estaban atendiendo siete (07) naves en paralelo no se dejó de dar atención fluida a las unidades de transporte para su ingreso y salida del puerto.

Adicionalmente, es necesario precisar que, el correo electrónico no constituye prueba válida para acreditar la responsabilidad de APMTC sobre las circunstancias que detallan, toda vez que solo constituyen manifestaciones de parte, ya que no acreditan que lo prescrito realmente ocurrió.

En relación a la validez de los correos electrónicos remitidos por los usuarios a fin de evidenciar una presunta congestión de responsabilidad de la entidad prestadora, el Tribunal de solución de controversias de OSITRAN en el numeral 30 de la Resolución Final del expediente No. 196-2016-STSC-OSITRAN, ha señalado lo siguiente:

30. Al respecto, cabe señalar que en relación al correo de fecha 03.12.2017, en el cual TRAMARSA solicita a APM mayor fluidez en el ingreso de camiones, es preciso indicar que, la sola comunicación de hechos como los indicados por la apelante, no acreditan la deficiencia de los servicios prestados por la Entidad Prestadora.

-El subrayado es nuestro-

En conclusión, los correos electrónicos presentados por la Reclamante no constituyen medios probatorios que acrediten las presuntas demoras de APMTTC en la atención a sus unidades de transporte.

2.3.4. Respetto de las demoras en la atención de la nave JOSCO HUIZHOU

La Reclamante indica que la línea 8 correspondiente a la nave en mención fue compartida con 03 naves adicionales; EVER ALLIANCE, BULK GENEVA y BORACAY durante las fechas de descarga de sus mercancías.

De acuerdo con el literal b del artículo 62 del Reglamento de Operaciones de APMTTC:

"Artículo 62.- La planificación de las operaciones portuarias se llevará a cabo a fin de organizar, coordinar, asignar y controlar los recursos de APMTTC para las operaciones que sean solicitadas por los Usuarios. Contempla las siguientes acciones de cargo de APMTTC:

b) Evaluar la magnitud de cada operación, recursos necesarios, posibilidades de congestión y medidas a adoptarse."

De lo anterior, APMTTC tiene la potestad de planificar sus operaciones de acuerdo a las evaluaciones que se haga a cada operación. Se entiende que, APMTTC asignó la línea 8 a cuatro naves al amparo del artículo en mención.

En adición, la cláusula 8.6 del del contrato de concesión suscrito con el estado peruano prescribe lo siguiente:

"8.6. La SOCIEDAD CONCESIONARIA es responsable de brindar a los Usuarios:

(i) El acceso a todos los Servicios de la Concesión, para lo cual la SOCIEDAD CONCESIONARIA deberá prestarlos de manera continua y regular (...)"

-El subrayado es nuestro-

En ese sentido, se entiende que APMTTC tiene el deber de prestar sus servicios de manera continua y regular. Por lo que, para garantizar el cumplimiento de este deber, la Concesionaria dispuso que la línea 8, asignada para la atención a la nave

JOSCO HUIZHOU, sea compartida con las naves EVER ALLIANCE, BULK GENEVA y BORACAY, las cuales no podían detener sus operaciones.

Cabe resaltar que, la Reclamante no ha comprobado de qué manera le afectó que la línea 8 sea compartida entre cuatro naves. Además, el Anexo 2 del Reporte de operaciones de la nave JOSCO HUIZHOU demuestra que sus operaciones han sido continuas y regulares.

2.3.5. Respecto al principio de “presunción de veracidad”

Al respecto, la ley Nro. 27444 Ley del Procedimiento Administrativo General, en el artículo IV, numeral 1.7 señala que:

1.7. Principio de presunción de veracidad. –

En la tramitación del procedimiento administrativo, se presume que los documentos y declaraciones formulados por los administrados en la forma prescrita por esta Ley, responden a la verdad de los hechos que ellos afirman. Esta presunción admite prueba en contrario .

La reclamante afirma que en base a este principio se debe tomar como ciertos todos los medios probatorios que presentaron; así como los correos electrónicos cursados entre APMTTC y el usuario. Sin embargo, se debe considerar que, de acuerdo con Couture:

"Son las pruebas, las encargadas de crear certeza, indistintamente de la parte que la ofreció, pues las probanzas no tienen como fin beneficiar a alguna de las partes, sino que el benefactor directo es el proceso en sí mismo"¹

Se entiende que no se entenderán como ciertos los medios probatorios presentados por TRANSOCEANIC, sino que estos deben de dar certeza de sus presupuestos. Sin embargo, en los párrafos anteriores se ha podido demostrar que los supuestos presentados son contrarios a como los plantea la Reclamante. Por lo que, no se puede afirmar como ciertos los presupuestos del presente reclamo.

Queda evidenciado que no fue bajo responsabilidad de APMTTC que la Reclamante se haya excedido del plazo de libre almacenaje. Por lo tanto, se concluye que, es correcta la emisión de las facturas electrónicas No. F004-150984, F004-150985 y F004-150986 por el cobro de uso de área operativa de carga fraccionada.

Finalmente, en caso de que la Reclamante considere que la presente Resolución viola, desconoce o lesiona un derecho o interés legítimo, podrá interponer contra la misma los medios impugnatorios descritos en el Capítulo III, numerales 3.1.1 y 3.1.2 del

¹ Couture, E. J. (1985). Fundamentos del Derecho Procesal Civil. Buenos Aires

Reglamento de Atención y Solución de Reclamos de Usuarios de APMTC².

Cabe señalar, que según lo indicado en el art. 1.5.6 el Reglamento de Atención y Solución de Reclamos de APMTC; y, en el art. 31 del Reglamento de Atención de Reclamos y Solución de Controversias de OSITRAN, en caso de que el Reclamo sea desestimado, es decir, declarado infundado, improcedente o inadmisibile, el usuario se encontrará obligado a pagar intereses moratorios diariamente desde la presentación de su reclamo. Asimismo, precisa que los intereses serán devengados de manera automática a partir de la fecha de la presentación del reclamo por parte del usuario.

III. RESOLUCIÓN

En virtud de los argumentos señalados en la presente Resolución, se declara **INFUNDADO** el reclamo presentado por **AGENCIA DE ADUANA TRANSOCEANIC S.A.** visto en el **Expediente APMTC/CL/0006-2023**.
